Kerovit By Kajaria embellishes the experience of its customers with redefined and unique bathroom solutions by creating value outpacing customer's expectations. With focus of selling an experience, the exceptional collection of Faucet, Sanitaryware, Showers & Accessories reflects luxury through quality, style and craftsmanship. Attuned to the highest quality & regulatory standards, Kerovit caters all bathroom requirements of its users!

"Founded 28 years ago, Kajaria has achieved echelons of excellence as the largest manufacturer of ceramic & vitrified tiles in India. With cutting edge technology and unparalleled commitment towards quality, our designs comprise of both innovation & exclusivity. The rapidly growing appetite for style and aesthetics of Indian consumers' is the motivation behind every design of Kajaria."

Kerovit faucets are made in India in its state-of-the-art plant located at Gailpur, Rajasthan with a spread over 2 Lac sq. ft., having manufacturing capacity of 1.1 million pieces a year. Kerovit faucets are constructed with solid metal which provides great strength, durability & higher quality of finish.

Kerovit sanitaryware are manufactured at Gujarat, having an annual manufacturing capacity of 700,000 pieces. The sanitaryware is made with finest of clay added with silica. The plant has state-of-art manufacturing processes of Mould making, Shuttle kiln, Tunnel kiln, glazing pressure dye casting and is ISI approved.

At Kerovit, we keep our promise to the environment intact by developing new technologies that offer advanced solutions for water and energy savings. Our social responsibilities are reflected through innovation in new materials which we use to develop our products! Our flagship faucet, showers, baths and toilets have been well coordinated with products & technologies that save water up to 60 % without compromising on the wellness theme.

A modern bathroom with a white toilet, a shower area, and a view of a city skyline through a large window. The room features large, light-colored tiles on the walls and floor. A white toilet is positioned against a dark brown wall. To the left, a shower area is visible with a white bench and some toiletries. A large window on the right side of the room offers a view of a city skyline. In the foreground, a dark-colored chair or sofa is partially visible, with a magazine or brochure resting on it.

Perfect balance in form, function and usability is what makes for a design that stands out. Kerovit maintains this harmonized design approach in all its bathroom concepts. A successful mix of environmentally friendly technologies, innovative production methods, market knowledge and years of design experience has given us a cutting edge over others. Our designs simplify the bathing experience with a combination of functionality and luxury.

Our each product comes with a promise to offer nothing but the best.
